Hi ██████████,

1) The Department just finalized the study on the request we submitted. Please see the response from the department after they inspected:

There are 2 signs with a beginning and ending sign for the 15 minute zone. Our office would not be able to paint the curb (green) because the paint is only enforced between 8a to 6p Monday through Saturday. The 15 minute sign in front of the school is from 6a to 6p school days. There would be a conflict.

I asked that they replace the 15 min sign that is missing. They will also be trimming the trees for visibility of the signs

2) To apply for the Speed Hump Program you will need to wait for the opening of the application process on September 12th at 8 am. Please see the link below and make sure you apply. They are only accepting a small amount of applications per district and they are looked at on a first come first serve basis.

Please see below:

http://ladot.lacity.org/how-do-i/request-speed-humps?utm_source=P.I.C.O.+Neighborhood+Council+Newsletter&utm_campaign=87ede72de4-EMAIL_CAMPAIGN_2018_09_07_03_47&utm_medium=email&utm_term=0_554979aaaa-87ede72de4-256369369

If there are no school zone signs you will need to open another ticket for this new request or I can open one next week.

Have a nice weekend.

Hello Juan..our dearest community advocate for HiFi..thanks.. re response :

1. I think at the moment we will go with the 15 minute parking from 6 am to 6 pm.
 2. Thanks for the tree trimming. Are they going to trim trees between Temple/Bonnie Brae west side of the curb? The trees covered the lights. There is prostitution going on. A report stated that cars parked are used for prostitution covered by the trees. Naked lady getting out of the car! Again, we need more lights!
 3. Ill be flying tomorrow night for Dubai and back on the 17th! Ill mist the Gateway meeting . Can you help us with the Speed Hump Program and the school zone notice?
- Thank you Juan.

Hi ██████████,

Marisol is out of the office, we do not need to include her in our emails.

The trees will be cleared so drivers can see the signs, it will not be a full tree trimming. The department will be doing some tree trimming on Bonnie Brae soon if they haven't already done it, Ill see if they can add some of the trees on Burlington but I can not guarantee they will be able to get to this area.

I gave you the information for the speed hump program, please follow the link and apply when the application window opens up on Wednesday morning. Once you submit the application please let me know and Ill follow up with the department.
